

## TECHNICAL

TECHNICAL			
Course Title	No. Of Days	Fees (RM)	No. of Pax
Disaster Management	4	6000	1
Effective Planning of Drainage & Flood	5	7000	1
Geographical Information System Tech	5	7000	1
Integrated Solid Waste Operations Management Mitigation Works	5	7000	1
Quality Control in Highway Projects	15	18000	1
Sewerage	10	13000	1
Urban Planning, Design & Development	10	13000	1
Water Quality	10	13000	1
Design&Construction of Earth Walls	8	6000	1
Construction Supervision of Roads & Bridges	15	18000	1
Bridge Inspection, Rehabilitation and Maintenace	15	18000	1
Planning Design and Construction of Flexible Pavement	15	18000	1
Modern Techniques for High Embankment Construction	8	10000	1
Modern Techniques for Design&Construction of Bridges	8	10000	1
Pavement Management System (PMS)	5	3500	1
Project Management in all Civil Engineering Works	8	10000	1
Surveying Applications GPS, GIS in highway	5	7000	1
Project Cost Account	3	4800	1
Personnel in Contracting Firms	3	4800	1
Programmable Logic Control	5	7000	1
Industrial Process Measurement	3	4800	1
Process Instrumentation & Control	5	7000	1
Process Control Technology	4	6000	1

Note: Technical Skills - Available upon request for minimum five (5) paxs or SR1400 per day only.
